
MMA CAR VALUATION

We at Brentacre want to make sure that every car we cover is insured correctly. To ensure this, we believe it is important that you obtain an up to date valuation on your vehicle. This will not only give you peace of mind in the event of a claim, but will make sure you are not overpaying on your premium.

We know that obtaining valuations can be a bit of a hassle and time consuming, so to help you, and to make the process as pain free as possible, we have included instructions below to get you on your way, and if you still need help, we are just on the other end of the phone!

IMAGES

Images of your vehicle are required to accurately ascertain the vehicle value. We need at least four photographs of your vehicle, showing differing angles. At least one must show the registration number and preferably one of the engine bay and interior Remember, you know your vehicle better than we do!

ONE LAST THING

Here at Brentacre, we know as much as anyone how much cars cost to restore and how much sentimental value they hold, however, please make sure that you are realistic with your valuation. We reserve the right to question or even decline the application if we feel the value provided is not honest and true. If sections of this form are not completed correctly / truthfully then we shall insure your vehicle at the current market value.

Once you have completed all relevant sections, please return this form with all applicable images and payments to the Postal or E-Mail address at the top of this document.

PERSONAL AND VEHICLE DETAILS

Policyholder's Name:			
Vehicle Manufacturer:		Vehicle Model:	
Registration:		Date of Manufacture:	
Chassis Number:		Current Mileage:	

VEHICLE CONDITION

To keep things as simple as possible, we have based the following section on a Scale Rating. All you have to do is tick the relevant box next to each part which describes the condition it is in.

The ratings work as follows:

- P Perfect** Perfect condition either due to restoration or preservation. Original condition where all work has been carried out and completed to the highest quality.
- E Excellent** Excellent condition, where the vehicle is fully restored or original with slight work required in order to reach the Perfect grade.
- G Good** Good condition but where the vehicle is unable to reach the Perfect grade. No major issues or faults however lacks history and / or originality.
- S Standard** Road worthy and is capable of obtaining an MOT Certificate but could use some TLC.
- U Usable** Driveable yet in need of substantial work for it to reach the Standard or Good grade.
